DOLCETTO

2004 *El Dorado County*

81% Dolcetto – 16% Barbera – 3% Nebbiolo

This El Dorado County Dolcetto originated as cuttings from the Piedmont region of Northern Italy where Dolcetto is one of three classic varietals grown. The abundance of California sun provides for incredibly rich fruit which is harvested at perfect ripeness with yields restricted to less than five pounds per vine. These specially selected Italian clones offer bright red fruit and a touch of French oak in the nose.
